

We're more than a travel agency. We're your business partner.

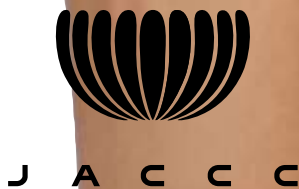

We think it feels great to give back.  
We think you will too.

Introducing a corporate referral program that gives you a chance to give back.

Tell everyone about KIE's great corporate travel services, unbelievable prices on travel to Japan, or the incredible savings on hotel and car bookings — and earn up to \$5,000 for your company. Or donate your reward to the Japanese American Cultural and Community Center (JACCC) in your company's name — your choice.

This is your chance to give back and help us reach a goal of donating \$25,000 to JACCC.

The mission of the JACCC is to present, perpetuate, transmit and promote Japanese and Japanese American arts and culture to diverse audiences, and to provide a center to enhance community programs. Help us support this great cause!
